Dear Mr. Breed:

Chevron Phillips Chemical Company would like to thank the personnel of SRS for their successful effort in the transfer of methyl mercaptan from the damaged railcar in Fort Worth last week. Your expertise is well recognized and appreciated. We would also like to tell you how impressed we were with the professionalism and diligence of the crew at the site.

Whereas Chevron Phillips wishes to never need your organization for support, we do want to inform you that we will consider SRS a valuable resource to be called upon in the future, if needed.

Sincerely,

A handwritten signature in black ink that reads "MSS Sharp". The signature is written in a cursive, flowing style.
